Faculty-Led

Exploration Seminars

Exploration Seminars deepen an on-campus course through firsthand, experiential learning and observation. The classroom professor(s) leads the seminar during mid-semester interim break. These 9-day programs are an exciting introduction to the joys and rigors of purpose-driven travel.

"How very little can be done under the spirit of fear."
Florence Nightingale, Founder of Modern Nursing

Summer programs

Service Learning:

The 21st century needs collaborative problem solvers for an increasingly interdependent, complex, and quickly changing world. Concordia's service learning programs address issues around the world and provide studies with well-rounded, holistic, hands-on, community-based experiences that encourage and empower global citizenship and student leadership and skill-building.
